WATSON STANDS FOR PURE FOOD

He is Doing all in His Power
to Bring Measure to
Vote.

Tells What Has Held Back the
Bill—Well Informed on
Legislation.

A special from Washington says that Speaker and "Whip" Watson are growing a trifle weary of insinuations that the House leadership, acting in behalf of special interests, is engaged in strangling the pure food bill. Today Mr. Watson made the following statement:

"There is no doubt that the sentiment of the House, as a whole, is in favor of pure food legislation. As far as I am informed not of a single Indiana member is opposed to it. There is no intention, and never has been the slightest intention, on the part of the House organization to prevent consideration of it. Unquestionably it will be considered at this session of Congress and placed in some shape or other."

"What is holding the bill back?" he was asked.

"The pure food bill is not in committee, as stated in some of the news papers," he replied. "The bill was reported to the House on March 6 and on March 29 the speaker recognized Mr. Hepburn, chairman of the Committee on Interstate and Foreign Commerce, who asked unanimous consent to make this bill privileged on and after April 10. That consent was granted, but bills of higher privilege, such as appropriation bills, intervened and the pure food bill lost its privilege under that order."

"The pure food bill still has its privileged position, and its consideration rests with the House and not with the speaker, and any day a majority of the House can take up the pure food bill as against all other bills. These are the facts taken from the Congressional Record."

THE RAIN SAVED THE BERRY CROP

Home Grown Strawberries Now
on Market—Black and Rasp-
berries Later.

Home grown strawberries are now being served in all their deliciousness by the housewives of this county. The rain Tuesday afternoon and night gave them a wonderful advancement and they are ripening nicely. The rains have improved the prospects for berries of all kinds. In about three weeks raspberries and blackberries will be ripe.

FIGHT AT RAYS CROSSING TUESDAY

Brady Meltzer and Scott Linville, two well-known young men of the Ray's Crossing neighborhood, engaged in rather a serious fight at Ray's Crossing Tuesday evening just before the commencement exercises were begun in the big tent. The combatants were not far from the tent and their loud and angry talk created no small amount of excitement among those inside. The quarrel was over a trival matter and probably would not have occurred had the young men not been pretty well filled up with intoxicating liquor. In the mix-up Linville was badly cut about the face and forehead with a pair of brass "knocks" Meltzer was using, and Meltzer was pummeled with a club used by Linville before they could be separated by bystanders. So far the boys have not been arrested.

WEDDING ANNIVERSARY

Cut this Out and You Can Re-
member the Name of
Day.

A great many people have considerable trouble remembering at the end of what year certain wedding anniversaries occur. To such the following will be found convenient to file away for reference:

At the end of the first year comes the cotton wedding. At two years comes the paper. At three the leather. At the close of five comes the wooden. At the seventh anniversary the friends assemble at the woolen. At ten comes the tin. At twelve the silk and fine linen. At fifteen the crystal wedding. At twenty the friends gather with china. At twenty-five the married couple that have been true to their vows for a quarter of a century are rewarded with silver gifts. From this period forward the tokens of esteem become rapidly more valuable. When the thirtieth anniversary comes, they are presented with pearl. At the fortieth comes rubies. At the fiftieth occurs the golden wedding. Beyond this lifetime the aged couple are permitted to enjoy their many gifts in peace. If, however, by any possibility they should reach their seventy-fifth anniversary, they are presented with the rarest gift to be obtained at the celebration of their diamond wedding.

TEAM RUNS AWAY WITH FARM WAGON

Exciting Time Last Evening
at the Residence of W. A.
Alexander.

An exciting runaway occurred at the home of Will A. Alexander northwest of town last evening about six o'clock. While the family was at supper, a team of horses hitched to a farm wagon in the driveway where they were left by Mr. Alexander, after unloading hay, ran away and caused considerable trouble. Master Donald Alexander, went to get the horses and they began kicking at the wagon. Donald jumped on the wagon, wrapping the lines about his hands and tried to quiet the horses. The animals backed down the driveway and threw the boy off. He cried for help, as his hands were still entangled in the lines. Mr. Alexander ran to his son's aid. The team ran over a new board fence which had just been completed. As Mr. Alexander tried to catch the horses, he was hurled into a wire fence. The horses ran through the scales and out into the Greenfield road. Mr. Alexander's hired man saw them coming, but failed to check them. The horses ran on at high speed until they reached Jack Powell's farm, where they were caught by Mrs. Powell, who had heard them coming and feared that they might scare some other horses driven by children. Mrs. Powell held onto the broken harness until the arrival of Mr. Alexander and son, who followed the team in a buggy. Neither Mr. Alexander nor his son sustained serious injuries.

MRS. HENRY WILSON PASSES AWAY

Death Due to Abscess on Brain—
Funeral Arrangements
Not Made.

Mrs. Henry Wilson, who resided near Orange and who was recently operated upon at Sexton's sanitarium a second time for mastoid abscess, died at the sanitarium shortly after 7 o'clock this morning. She had been afflicted since December and had been steadily growing worse.

The body was removed to the late residence this afternoon. The funeral arrangements will not be made until the arrival of a sister of the deceased who is expected here in a day or so.

IT WAS THE USUAL THING

For Officials of Pennsy Road
to Accept Coal Compan-
ies, Money.

Chief Clerk Boyer Admitted
That He Had Hesitated Before
Accepting Gratitude.

Philadelphia, Pa., June 7.—That he accepted gifts of stock amounting to \$11,000 and money aggregating more than \$46,000 from coal mining companies during a period of about three years, was admitted by Joseph Boyer, chief clerk in the office of A. W. Gibbs, superintendent of motive power of the Pennsylvania railroad. Mr. Boyer purchased the fuel coal used in the locomotives of the company, and the donors of the gifts were the coal companies which furnished the fuel to the railroad. Mr. Boyer named five companies which allowed him from three to five cents on each ton sold to the railroad company. He declared that he never asked for the allowance, but accepted it because he believed he was following a custom of the department. In fact, one of the coal company officials told him that he had paid it before and wanted to continue paying to the witness. Mr. Boyer denied that he divided the money with any other official or employee of the road. He said he kept it all.

A. W. Gibbs, Mr. Boyer's superior officer, on the stand said that he was unaware that such conditions existed in his department. Mr. Boyer said he was at first disinclined to accept the money, but after thinking it over he decided that he was doing nothing unusual.

"How long did you wrestle with your conscience?" queried Commissioner Clement. The witness did not know. M. K. Reeves, assistant to Vice President Pugh, admitted that he had accepted stock from Colonel George S. Huff and David E. Williams. Colonel Huff, he said, purchased some of his holdings in the Keystone Coal and Coke company, paying him \$30,000 for it. Mr. Reeves stated that he had known Colonel Huff since boyhood and declared the latter knew he was not in a position to favor him when the stock was presented.

A number of employees of the Baltimore & Ohio railroad were examined during the afternoon session, and the commission endeavored to learn through J. E. Muhlfeld, general superintendent of motive power, something concerning the arrangement between the railroad and the H. C. Frick Coal company, concerning the repairing of cars. Mr. Muhlfeld admitted that the Frick company had an advantage over other coal companies, but was unable to tell why. He said it had been the practice for the past ten years, but he did not know the terms of the agreement, if one existed.

ACCUSES WIFE OF INFIDELITY

Charles Newsome of Carthage
Files Suit For Di-
vorce.

Charles Newsome, employed at the Carthage Strawboard works, and a resident of that city, has filed suit in the circuit court for divorce from his wife, Anna Newsome. The couple married in October 1898 and separated in October 1905.

The plaintiff alleges that the defendant abandoned him three different times during their married life. He accuses her of associating at various times with strange men.

He avers that about 11 o'clock one night he met one, John Sawyer coming out of the house. He charges that the said Sawyer repeatedly visited his wife and took her to shows and other places. He accuses the defendant of profanity and says that she refused to cook for him although she was well able to do so. He asks the custody of two children, Edith, age 6 years and Chester, age 5. M. S. Reddick is the attorney for the plaintiff.

TO BUILD BRIDGE ON COUNTY LINE

Commissioners of Rush and
Henry Counties Meet Here
Today.

Messrs. Russell, Goff and Mohler, commissioners, of Henry county, met with Messrs. Amos, Kelso and Lyons, commissioners of Rush county, in this city today and adopted plans, drawn by A. L. Stewart, civil engineer, for a concrete bridge, with a thirty foot span, to be built across McClellan Creek on the line between the two counties. A resolution providing for the erection of the bridge was adopted. The commissioners will receive bids on the contract July 5th at New Castle. The appropriations for the bridge were made about a year ago, each county giving \$600. However all of the appropriation will not be needed.

UNEXPECTED DEATH OF JESSE HOLDEN

Well Known Noble Township
Citizen Passed Away Early
This Morning.

The many friends of Jesse E. Holden, who lived with his father, J. T. Holden, one half mile south of Little Flatrock church, in Noble township, were shocked this morning to hear of his death, which occurred at 12:40 last night. Few of them even knew that he was ill.

Mr. Holden was taken sick last Saturday as a result of a carbuncle that appeared on the back of his head. Symptoms of typhoid fever developed but they were not thought serious and little concern was felt. Yesterday afternoon Mr. Holden expressed himself as feeling much better and he said that he believed that he would be out in two or three days.

However, about eight o'clock last night heart complications arose and he was taken worse. Dr. J. C. Sexton was called and arrived at 10 o'clock, but was unable to do much at that late hour.

Mr. Holden was fifty-two years of age and was one of the most respected citizens of the county. He was a prominent member of the Little Flatrock Christian congregation and was noted for his kind disposition and genial ways. He leaves a wife, Mrs. Montez Holden, two sons, Charles and Herbert and two daughters, Bessie and Mabel. The death is the first that has occurred in Mr. J. T. Holden's family.

The funeral services will be held at the residence Saturday morning at 10 o'clock conducted by Rev. F. B. Thomas, pastor of Little Flatrock church. Interment will be in the cemetery east of Richland.

LIGHTNING DOES DAMAGE IN PARTS OF THIS COUNTY

The recent storms caused considerable damage in this county. Lightning struck a house belonging to Herschel Beaver, near Orange, partly demolished it. Lightning also partly wrecked a barn owned by D. Z. Williams. The wind has blown down the wheat and oats, and some of the early corn.

FORMER RUSHVILLE MAN IS SHOCKED

Mr. A. J. Kendall, clerk of the Ray house in Shelbyville, suffered an electrical shock Tuesday afternoon during the storm. The telephone bell rang and as he picked up the receiver and transmitter to answer, there was a flash of lightning and the instrument was knocked from his hand. Mr. Kendall received quite a severe shock, and it is lucky that he was not more seriously hurt.

ARE FIGURING UP THE LOSSES

Packers Noting the Results
of the President's
Crusade.

Prejudice Against American
Meat in Europe Will Be Long
in Subsiding.

Kansas City, June 7.—It is estimated that the business done by the packing houses located here will suffer to the extent of \$10,000,000 as a result of the agitation in connection with the president's crusade against "dressed" meats. Representatives of the various plants seen today agreed with the estimate in the telegraphic dispatches that the business of the whole country would show a loss of at least \$150,000,000. Chas. W. Armour said:

"All this agitation is going to do an immense amount of damage, and in quarters where it will be the hardest to overcome the prejudice aroused. It will be a long time before the prejudice against American meats in England is allayed, and it will be still longer on the continent. The packing industries of the country have enough obstacles to contend with without increasing the number unjustly or mischievously. Everybody knows how hard it is to control the meat trade in Germany and France. The world is allied commercially against the United States. It is only by dint of sheer superiority of products, better methods and American strenuousness that America holds her own and is conquering the markets of the world. It is not from any commercial hospital-ity."

"I do not think the estimate of \$150,000,000 loss to the packers in the whole country is exaggerated. That is only a shrinkage of about 10 per cent on the total volume of business done, which I think is easily a billion and a half of dollars in all branches of the trade. We have complaints from England that the canned meat trade is decreasing."

MORRISTOWN MAN IS IN TROUBLE

Arrested For Attempting
to Assault a Young
Girl.

Wednesday's Shelbyville News says: "Daddy" Warful, of Morristown, age about fifty-six years, was brought to this city at midnight Tuesday night and placed in jail by the Marshal and deputy of Morristown, and a charge of attempting to assault an eight year old girl named Sleeth will be filed against him.

It is claimed that the people of Morristown have been very suspicious of Warful for some time and they have been keeping a close tab on him. His attentions to the Sleeth girl were often noticed and remarked about.

Tuesday evening about 7 o'clock it is claimed he lured the little girl into an old barn. Several women saw the girl go into the barn and followed. They caught him in the very act of assaulting the girl.

The Morristown officials were immediately notified and Warful was arrested.

They drove to this city with the prisoner and he will remain in the local jail until he has a hearing or is released on bond."

GAS WELL ANTICS

Eggs Hatched and Potatoes
Grown and Baked in a Few
Hours.

A correspondent who visited the blazing gas well near New Salem, last week writes: "The heat is warming the ground to such a degree that farmers are profiting. Lettuce and radish seed put in the ground at 6 o'clock last night had sprouted, had pushed through the soil and matured by 7 this morning, and thousands of teams are engaged in hauling the products of this immense hotbed to market. All sorts of experiments are being tried.

One man planted potatoes, and in six hours he not only had potatoes big enough to dig, but the heat went on and cooked them so that they were baked ready for the table. Eggs laid within two miles of the gas well are hatched within two hours, and all the incubators in this section have been thrown away. Watch for the New Salem, gas well incubator. The name is sure to be attached to the next incubator invented. The flames were shooting up so high at noon today that some fear was expressed that the heat in heaven would cause those who were there to wonder if they had reached the other place."

BURGLARS ENTER COLEMAN HOME

Watch and Money Stolen—
Entered Through Rear
Window.

Sometime during the after part of the night burglars entered the home of Mrs. Emily Coleman, corner Third and Harrison streets, through a window in the rear and after pillaging the house thoroughly made away with a silver watch belonging to Dr. Will S. Coleman and a little over \$5 in change, taken from his trousers pocket. A hypodermic syringe was also stolen from the doctor's trousers.

About this time last year the Coleman residence was robbed, entrance being gained through the same window. A short heavy set man with a slouch hat and carrying a coat was seen hanging about the residence about ten o'clock last night and the police have other clues that leads them to believe that this man may be the one that committed the robbery. Policeman Pea is working on the case. This morning he searched along the railroad tracks throughout the city and has been looking for this man in various parts of the city. So far he has been unable to find him. The robbery is believed to have been the work of the same short heavy set man who has been working in this city for the past three years and who was once caught, but escaped from ex-policeman Vansickle.

It is claimed that the people of Morristown have been very suspicious of Warful for some time and they have been keeping a close tab on him. His attentions to the Sleeth girl were often noticed and remarked about.

THINKS MANSFIELD IS VERY FORTUNATE

Lucerne is a Beautiful Place—
Visited by Many
Tourists.

A Washington dispatch says R. J. Tracewell, controller of the treasury, who has been somewhat of a globe trotter, said: "Robert E. Mansfield is fortunate in securing a transfer to the consulate at Lucerne, Switzerland. Lucerne is the prettiest residence spot on the globe. It is on Lake Lucerne, the clearest and most beautiful lake in the world. A city of some 40,000 inhabitants, it has hotels as elegant as are to be found in Washington. Last year 28,000 American tourists visited Lucerne, so that Mr. and Mrs. Mansfield will find congenial company."

Between 800 and 900 British towns and villages have namesakes in the United States.

MISSIONARY CONVENTION

Annual Gathering of Mission-
ary Association Comes
to a Close.

Many People Heard Address
by Rev. McCreedy Last
Night.

The twenty-fourth annual convention of the Woman's Missionary Association of the Indiana Presbytery, which convened at the United Presbyterian church in this city Wednesday afternoon, came to a close this (Thursday) morning, after a most successful meeting.

A large number of people were present Wednesday night to hear the Rev. Mr. Elbert McCreedy, a returned missionary, lecture on "World-wide Evangelization—What it Means; Why it Should be Made World-wide; How to Make it so and When." Rev. McCreedy said that world-wide evangelization means not necessarily world-wide christianizing, but the giving to all peoples of the world the knowledge of Christ and an opportunity to accept Him. He said that our part is to tell the story. The results lay with God. It should be made world-wide, he said, because Christ died for the world, and because His command was "Go ye into all the world and preach the gospel." He said that it will be world-wide by the earnest co-operation of every Christian, though consecrated means and lives and prevailing prayer. Now, he said, was the time to act. Every year that goes by, he said, ushers 30,000,000 souls into eternity without knowledge of the Savior.

Rev. McCreedy was a missionary in Egypt for three years, and he proved to be well acquainted with the customs and religious ideas of the country. The address was a most interesting one.

Today's session was purely a business one. The reports of the various societies, officers and committees were received and new officers elected. The new officers were as follows:

President, Mrs. A. C. Kirkpatrick, of Mays; First vice president, Mrs. V. G. McKay, of Indianapolis; Treasurer, Miss Hattie Kerr, of this city.

The association will hold its next convention at Spring Hill next summer. Before adjournment, a vote of thanks was tendered the Rushville congregation for the hospitality extended the visitors.

We congratulate the nation upon
this semi-centennial year of the Repub-
lican party. During its half century

made the greatest progress of any

most glorious page in the history of
mankind.—From the Republican State
Platform.

Those disposed to criticize Gov-
ernor Hanly because Cigarette Baker has
not been captured, should bear in
mind there is \$5,000 in cash waiting
for the man who gives information
leading to his arrest. If his capture
is an easy job, there is \$5,000 of easy
money in the State house for some
one.

In a speech at Providence, R. I.,
President Roosevelt said: "Wise
laws and fearless and upright
administration of the laws can give the
opportunity for such prosperity as we
see about us. But that is all that
they can do. When the conditions
have been created which make pros-
perity possible, then each individual
man must achieve it for himself by
his own energy and thrift and busi-
ness intelligence. If when people
wax fat they kick, as they have
kicked since the days of Jeshurun,
they will speedily destroy their own
prosperity. If they go into wild
speculation and lose their head they
have lost that which no laws can
supply. If in a spirit of sullen envy
they insist upon pulling down
those who have profited most in
years of fatness, they will bury them-
selves in the crash of the common dis-
aster. It is difficult to make our ma-
terial condition better by the best
laws, but it is easy enough to ruin it
by bad laws."

BAKER HEARD FROM

Fugitive Lobbyist Writes to the Sher-
iff Who Wants Him.

Indianapolis, Ind., June 7.—"Cig-
arette" Baker, the fugitive lobbyist
of the tobacco trust, for whose cap-
ture Governor Hanly has offered \$3,000
of the state's money, or someone who
has used his name, has written to
Sheriff Sourbier of this city, denying
that he directed Arthur Hughes of
Marion to negotiate with the governor
for his return under promise of im-
munity. The letter was mailed at Chi-
cago. Sourbier believes the signature
to be Baker's. He thinks, however,
that Baker is in Canada and that he
mailed the letter to a friend in Chi-
cago and had it forwarded. The writ-
er of the letter says that Hughes's
statement about his knowledge of cor-
ruption in the legislature was false
in every particular and that he would
not expose a friend to obtain immu-
nity for himself. Sourbier is trying to
capture Baker.

The resolutions committee of the
Democratic state convention was in
session until after midnight last night.
It adopted a long platform in which
state issues are thoroughly discussed.
The several planks of the Republican
platform advocating reforms in con-
duct of state and county business with
the view of stamping out graft, were
practically reiterated and supplement-
ed by a strong declaration accusing
the Republicans of bad faith and neg-
ligence for not accomplishing the re-
form during the ten years they have
been in office. Governor Hanly's name
was not mentioned. The platform de-
clares in favor of a public depositories
bill similar to the one advocated by
the Republicans. It also declares for
a 2-cent fare law. The Republicans
are accused of having failed to use
their power in office to enforce the
laws against corporations. There is
a vigorous anti-trust platform and one
declaring for "tariff for revenue only."
Lew V. Ulrey of Fort Wayne called
the committee's attention to the fact
that the Republicans killed the anti-
trust bill introduced at the last leg-
islature, while the Democrats voted for
it. He charged that the bill was killed
by agents of Standard Oil and asked
the committee to so state in the plat-
form. Alonzo Green Smith of Indian-
apolis presented a plank for regulating
insurance business. The platform
also demands the repeal of the met-
ropolitan police law. S. M. Ralston
of Lebanon was chairman of the com-
mittee. The committee on rules decided
that it would be unwise to take up
now discussion of a new code for state
committee at the convention.

Ex-Mayor Holtzman spent consider-
able time among the delegates to the
state convention. Many of them were
friendly to his plan for the reorganiza-
tion of the committee and the retire-
ment of Taggart and his lieutenants
but he found the sentiment against
making the attempt at this conven-
tion. Fully 90 per cent of the dele-
gates indicated very plainly that re-
gardless of their personal views about
Taggart, they would not tolerate any
thing tending to further disorganiza-
tion of the party. Holtzman met a
few of his lieutenants at the Hotel
English and discussed the situation
with them. He informed some of the
men who were brought in that he
started the reorganization movement
merely as a "feeler" to see how it
would take. Some of his followers
seemed to feel satisfied with the re-
sult of their work. That they were
laying the basis for a more successful
fight in 1908 was intimated by more
than one of them today.

Charles F. S. Neal, president of the
Endowment Rank of the Knights of
Pythias, formerly Ninth district chair-
man, and one of the "big guns" of the
party in this state, came here from
Chicago to attend the convention to-
day. Neal could have been a formidable
candidate for the nomination for
governor two years ago, but he would
not make the race. He was one of
Hearst's managers in Indiana, but he
is not disgruntled by the general move-
ment here for the endorsement of Bry-
an. He declared, however, that an
endorsement at this time will not mean
the pledging of the state to Bryan in
1908.

Another Indictment Against Hargis.
Jackson, Ky., June 7.—The Breath-
itt county grand jury has returned an
indictment against Judge James Har-
gis, former county judge of Breathitt
county, charging him with the murder
of Dr. B. D. Cox, who was assassinated
nearly three years ago here on the

streets, by being shot to death with
a shotgun. He was a kinsman of Jas.
Cockrill, of whose alleged murder
Hargis is also under indictment in
the circuit court at Lexington.

A Rich Endowment.
Hamilton, Ohio, June 7.—At the sev-
enty-sixth commencement of Oxford
college for women, the president an-
nounced that Misses Agnes and Mary
Morris, daughters of the late Robert
Morris, former president and owner
of the school, have given their entire
interests in the college to an incor-
poration organized not for profit and
composed largely of alumni, which will
hold it forever to carry on the insti-
tution. The gifts amount to an endow-
ment of \$96,000.

Venturesome Boys Drowned.
Benton Harbor, Mich., June 7.—Lester
Thompson and Benny Runyan,
aged about eleven years, were drown-
ed while bathing in the Paw-Paw river
at Watervliet. A younger brother of
Runyan was rescued unconscious and
was resuscitated. The three boys,
who could not swim, ventured out too
far and were swept off their feet.

BRYAN INDORSED
Indiana Democracy Reverts to Twice
Defeated Leader.

Indianapolis, June 7.—The Demo-
cracy of Indiana was pledged at the
state convention today to support Wm.
Jennings Bryan for president in 1908.
The electoral vote of the state was
also pledged to him, as the Democratic
leaders seem enthusiastic enough to-
day to believe they can deliver it. In
order that the indorsement may be
more forcible, it was given the first
plank in the platform.
Whether or not there is a scheme
among Chairman Taggart and his fol-
lowers to build a wall around the
state by indorsing Bryan and keeping
out Hearst and others who may not be
so friendly to them, was a matter of
considerable speculation, but it was
not sufficient to detract from the en-
thusiasm aroused by the fact that Bry-
an is put forward again as the stand-
ard bearer. It was remarked by many,
however, that Taggart today got "his
evens" with Hearst for the attacks
the latter has been making on him
through his newspapers, for after the
indorsement of Bryan there is not a
ghost of a show for the New Yorker
to land the Indiana delegation.

A peculiar phase of the situation de-
veloped during the meeting of the res-
olutions committee. Colonel Charles
Jewett of New Albany, member from
the Third district, was designated to
write the Bryan plank and to draw up
a rough draft of the platform. Colonel
Jewett left the Democratic party in
1896 because he would not support
Bryan. He was affiliated with the Re-
publicans in 1900 because of his oppo-
sition to Bryan and was chairman of
the Republican convention platform
committee. He is now as strong for
Bryan as the other Indiana leaders.
Tomlinson hall, where the conven-
tion is being held, is handsomely de-
corated. A big picture of the late
Thomas A. Hendricks occupies the
place of honor in the center of an im-
mense flag arch suspended over the
stage. Pictures of Washington, Jef-
ferson, Jackson, Bryan, the late Gov-
ernor Claude Matthews, ex-Senator

Ade Clinched It.
Lafayette, Ind., June 7.—George Ade
has given \$2,500 to the Purdue me-
morial gymnasium fund, which insures
the beginning of work on the proposed
building. At the alumni meeting
President Stone announced that \$2,500
still remained to be raised before the
sum necessary to insure the building
of the gymnasium was reached.
When this announcement was carried
to Mr. Ade he at once made the gift
that insures construction of the building.

INDIANA MAN HONORED

Former Secretary Foster Will Repre-
sent China at The Hague.

Washington, June 7.—John W. Fos-
ter, formerly secretary of state, has
been honored by the Chinese govern-
ment with an appointment as its rep-
resentative at the approaching Hague
conference. There is only one other

case on record where the Chinese gov-
ernment has delegated to a citizen of
a foreign country such important dip-
lomatic functions, and that was in
1868, when Mr. Burlingame resigned
his post as minister at Peking to under-
take negotiation of a number of treat-
ies for China.

TOLEDO MARCHING ON
Head of Revolutionists Advancing on
Guatemala City.

Mexico City, June 7.—News received
from General Toledo in command of
the Guatemalan revolutionary party,
says that he has, in two engagements,
badly routed President Cabrera's
troops and as his forces are being re-
inforced by the arrival of large bodies
of men, he has no doubt of his suc-
cess and triumphant advance to Gua-
temala City.
Operations are being conducted by
General Toledo in the absence of Gen-
eral Barillas, who was detained by the
Mexican authorities and who will be
brought here. The revolutionists point
to Guatemala City telegrams as being
evidently inspired by the Cabrera gov-
ernment to hide the fact of the de-
feat experienced at the hands of Gen-
eral Toledo. Colonel Pinedo is in the
province of Peten and has many re-
cruits.

Silas M. Holcombe Dead.
Fort Branch, Ind., June 7.—Silas M.
Holcombe, twice the nominee of the
Populist party in Indiana for attorney
general, and an uncle of ex-Governor
S. A. Holcombe of Nebraska, died
here yesterday, aged sixty-six years.
He was one of the leading middle-of-
the-road Populists in the West.

Will Not Join Maneuvers.
Washington, June 7.—The governor
of Kentucky has notified the war de-
partment that as the state militia is
about to go into a camp of their own
this summer it will not be feasible to
send any of the guard to join the regu-
lars in the encampment at Indian-
apolis.

DORE

The Rushville Percheron Horse Association, recognizing the growing demand and popularity of this superior breed of draft horses, and the fact that only a typical animal in every sense of the word would meet the hearty approval and support of the breeders and admirers, has secured in their Prize-winning Imported Percheron Stallion, DORE, as to both breeding and individuality, what our most competent horseman pronounce the best draft horse that has ever graced a Rush County stable.
